

LUVANTI™

Fortify. Correct. Reverse.

The Luvanti Story

Our Philosophy

LUVANTI is a high performance, luxurious, clinical grade skincare system free of Parabens, Petrolatum, Phthalates, and SLS. Using cutting-edge formulations and potent bio-effective yet gentle ingredients, our innovative anti-aging products optimize skin health at the cellular level and provide maximum efficacy with visible long-lasting results in a short period of time. LUVANTI skincare system is effortless, does not involve extravagant self-care rituals, and is ideal for anyone with a busy or demanding lifestyle. Our versatile skincare collection offers results-driven regimens that are customizable for all skin types.

Based on our 3-step anti-aging skincare philosophy “Fortify. Correct. Reverse.”, LUVANTI offers a comprehensive range of skincare options for dry, oily, combination and sensitive skin. We believe that a vital step in preserving youthful skin is to “Fortify” the skin so as to unleash its maximum potential and delay the aging process. Equally essential is the need to “Correct” specific skin conditions timely in order to combat premature aging. To successfully “Reverse” chronological aging effects, the skin must be healthy to receive the benefits from any anti-aging products. LUVANTI skincare collection addresses all 3 steps to give you the best solution for your skincare needs.

Why Luvanti?

Luvanti skincare offers advanced anti-aging solutions for today’s progressive needs. Formulated with the modern lifestyles in mind, our skincare line offers clinical grade efficacy and is luxurious, gentle and versatile. All of our products are free of Parabens, Petrolatum, Phthalates and SLS, and are not tested on animals. When used as a comprehensive system, Luvanti skincare products “Fortify” to unleash the skin’s maximum potential and delay the aging process, “Correct” specific skin conditions to combat premature aging, and “Reverse” chronological aging effects for rapid and long-lasting youth activating results.
